

Dear Members,

At this time it has come to our attention that some members have had an honorary lifetime membership for "Friend" status as a benefit for submitting and being published in the book "The World of Aromatherapy". However as of January 1, 2005 NAHA is no longer officially honoring these memberships. NAHA has not received royalties from this publication for quite sometime and reserves the right to revoke this membership at any time.

You membership is set to expire on:

At this time you will no longer receive a renewal or upgrade free of charge. We are sorry for any inconvenience and apologize that this offer can no longer be honored.

We do hope you will choose to continue your support of the National Association for Holistic Aromatherapy and renew your membership. We appreciate you as a member and look forward to serving you in the future. If you have further questions, comments, or concerns please direct them to our Membership Feedback Form found on the website at <http://www.naha.org> and submit them there. Once received they will be reviewed by the National Board of Directors and you will receive a direct response from a representative of the Board.

With sincere appreciation,

Michele A. Miller

NAHA President
