

SITUATION AT HAND: August 30, 2008 Report from Geraldine Zelinsky, UAE Assistant Director and Sylla Sheppard Hanger, UAE Founder.

We're in a 'wait and see' position for the direction of the 2 hurricanes. New Orleans has already begun evacuating. Since Shreveport anticipates by MONDAY an influx of 7,500 to 10K evacuees (and **Homeland Security told me last night that is JUST for the Red Cross Shelters here**), we'll be in immediate critical need. We will shortly post to the UAE site a list of specifics.

Since Monday is a holiday, I'm trying to organize shipments to begin Tuesday, and we'll get the UAE website updated as soon as we can. With many kind thanks, Sylla, Geraldine and all of those who choose to make a difference!
